

VOLUNTEERS NEEDED!

READ WITH ME!

Santa Clarita Valley Education Foundation

The SCV Education Foundation is seeking volunteers to work with students in local elementary schools to improve their reading skills.

As a READ WITH ME! literacy volunteer, you will work with students one-on-one or in small groups to assist with improving reading skills such as word accuracy, fluency, and reading comprehension. You may also be assisting with math, writing and other projects. With your assistance students will improve their reading skills and greatly benefit from receiving individualized attention. You will have the opportunity to impact a child's life, gain a new friend, and a new sense of purpose!

Volunteers will receive an orientation and guidance that may include a workshop on reading with children and information regarding their school.

To become a literacy volunteer or to receive more information about READ WITH ME!, contact Ann Unger at the SCV Education Foundation 661-414-4465 or aunger@scveducationfoundation.org.

The SCV Education Foundation READ WITH ME! program is flexible, but we would like to stress that consistency is very important to the students we assist. We ask our volunteers to commit for several months, one or two days a week for at least two hours a day. The READ WITH ME! program does not run every week.
